Special Guest Speaker:

Simon Godfrey

Diamond, New Zealand

Simon Godfrey trained as an accountant and ultimately became Finance Director for a large Multinational Company where he was responsible for 200 staff and just under a billion dollars annual turnover. It was while working in this role that Simon and his wife Yvonne qualified at the Diamond level which allowed Simon to leave the corporate world to spend more time with the family.

Today Simon and Yvonne live in a beautiful home on a golf course with panoramic views on Auckland's North Shore. Both their girls are adults. Anna and her son Taylor live in rural Auckland while Sarah, husband Scotty and daughter Stella are city dwellers.

Simon and Yvonne's total freedom allows them plenty of time to hang out with their grandchildren, as well as pursue their new passion of cycling. Recently they cycled 500 kilometres in 5 days in Thailand to raise money to build orphanages for children in need.

Simon and Yvonne enjoy travelling on the many trips they have earned and are really looking forward to exploring more of New Zealand in their soon-to-be completed luxury motorhome.
