

There are over 1000 products and services available through amway.com.au. This check list, of some of the most popular ones, is designed to help you identify those that are of interest to you. You can use these to set up a wishlist that will help you recall these products when you wish to shop.

1. Tick the generic products on this page that you are currently using, then.....
2. If you are a new IBO you may want to talk with your coach about which products on page 2 would be most suitable for you to enter on your wishlist.....or
3. If you are a client your Amway Independent Business Owner can discuss with you which of the Amway products on page 2 you could try as a replacement and the advantages they have.
4. Once you have selected your products enter them on your amway.com.au wishlist
